

ABUSE...ABDUCTION...GUNS...STRANGERS

Sometimes it's hard for parents to know exactly how to empower children to be safe.

The *Child Safety Awareness Program* now offers a

CHILD SAFETY SEMINAR For PARENTS

UNDERSTAND:

WHY it is important for children to understand and adhere to personal safety rules.

WHAT methods work best in helping children protect themselves.

WHEN it is appropriate to discuss sensitive safety issues with children.

The **Child Safety Seminar for Parents** is a one hour seminar designed to address how parents can better protect their child from abuse and abduction. Each seminar may be modified to fit the specific needs of parents in your organization.
